## **TRP121: NOTIFICATION OF DISPOSAL OF BENEFICIAL INTEREST IN LINKED UNITS**

In terms of section 122 of the Companies Act 71 of 2008 (the "Companies Act"), if a company receives notification from any shareholder that has either acquired or disposed of a beneficial interest in a sufficient number of shares in the company such that, as a result of the acquisition or disposal (as the case may be) the shareholder's beneficial interest in shares moves above or below 5% or any multiple of 5% of the issued shares in the company, the acquisition or disposal needs to be disclosed to shareholders.

In compliance with section 122(3)(b) of the Companies Act and Regulation 121(2)(b) of the Companies Act Regulations, 2011, shareholders are advised that Vukile has received notification from Investec Asset Management (Proprietary) Limited ("IAM") of the disposal by IAM of Vukile linked units, such that IAM's total beneficial interest in the company is now 9.97% of Vukile's issued linked unit capital (thus falling below 10% of Vukile's issued linked unit capital). Prior to this disposal by IAM of Vukile linked units, IAM's total beneficial interest in Vukile was 10%.
